

## **Councillor Quant**

I have been asked by a resident if there is any news regarding the road repairs at Sawmills. Also, if it is a prolonged issue whether a temporary footbridge could be erected to allow pedestrians to cross the brook which is the cause of the problem. I have submitted a new enquiry to Highways asking for a progress report and mentioned the possibility of a temp walkway.

Other than that, nothing else to report, I am hoping to give a brief update on the night regarding Speedwatch stats for 2021, two minutes, no more than that.
