

Louis Allan: Village Hall Representative November 2022 Report

"Hall users have now been advised of the increases in hire rates which will come into effect on 1 December. Whilst the intention has been to keep fee increases for local, regular users to a minimum (in order to promote and encourage use of the hall), the Snooker Club has been asked to contribute a more realistic sum in the future.

"After a number of disappointing responses, the trustees continue to seek an available and affordable broadband provider for the village hall."
