

## P3 Parish Paths Report from Jon Roseway

June 2020

### **P3 monthly report for June 2020**

As far as I know, there is only one path in our parishes that has not had its annual cut and I have asked DCC to remind their contractor that it needs attention. I am now allowed to carry out path cutting or organise contractors to do the work.

Streetclean are back in action after a fashion and have made a good job on the Rec. Elsewhere, they are leaving bits uncut. Rosie Connor asked them why they hadn't done the bank beside her house (top of Wynards Road) and the reply was "that area can't be cut with a mower, it has to be strimmed and we can't strim it while glaziers are not working as there is a slight chance of a stone breaking a window". Normality will have to wait for a while!
