

## **Report and Comments from Councillor Carter**

### **Kersbrooke/Cricket Field**

All is quiet in the hamlet at the moment. I have spoken to Mr. S. Cox (The Pound builder) and the owner of Astwood about concerns on traffic movements once the civil work starts at the Cricket Club/LORP. Together with the normal farm traffic and ramblers (out of lockdown), it bodes for the perfect storm this Spring and Summer.

### **Conservation Area**

Apparently, Jacqui Best has left the EDDC team. I have spoken to Dee Woods (OVA, Otterton), who is pressing for the vote on this local paper as early as the May Election Day. The final stage of the joint project is held in obeyance. I am trying to establish who in the EDDC team will oversee the new plan. I have asked Sue Cooper to mark the CP boundaries (as well as the BUBA) on her 14 zone/bubble map/
